

Space Closure with Precimax Bracket

Pre-Treatment

Mid-Treatment

Post-Treatment

Product used : Precimax Bracket

About The case

Patient Name : Vidya Gaikwad

Age/Gender : 14/F

Diagnosis : Angles Class II Div. I Malocclusion.

Treatment Plan : To be treated as an extraction case (14, 24)

A patient has forwardly placed upper front teeth.

Outcome & Doctor's Comment

D Tech MBT Precimax Bracket was used and the case was treated as 14,24,34 and 44 extraction .Space closure was also done using same bracket.

"Brackets are very good in quality .Even its sliding movement is very fine. Provides good amount for shear bond strength. No opening of slots."
